

Team Involvement in Demonstration

Date	29 September 2026 – 2 October 2026
Team ID	6ab4fddea238dc999eb665e9
Project Name	PocketSmart AI: Your Smart Budget & Recommendation Assistant
Maximum Marks	1 Mark

Team Involvement in Demonstration:

This document records the project responsibilities and demonstration contribution of each PocketSmart AI team member. The section assignments reflect the project-planning responsibilities: budget planning, AI recommendations, home interior planning, party planning, jewelry recommendation and multimodal outfit analysis.

S.No	Team Member Name	Role in Demo	Section Presented	Contribution Summary	Participation (Active / Passive)
1	Srinivasan R	Team Lead / Backend & Integration	Budget Planning + Multimodal Outfit Analysis	Led the overall project direction and contributed to the core budget-planning workflow and multimodal jewelry recommendation using outfit images.	Active
2	Arunaraj A S	AI Recommendation	Personalized AI Recommendations	Contributed the AI recommendation concept for suggesting suitable products/services based on user budget and personal preferences.	Active
3	Logesh S	Home Interior Module	Home Budget Planner	Contributed the Home Interior planning module covering rooms, lighting, ceiling fans, furniture/table quantities and budget-aware recommendations.	Active
4	Sridhar D	Party Planning Module	Party Budget Planner	Contributed the Party Planner concept covering budget allocation for food/catering, venue, decoration and entertainment.	Active
5	Vishva Kumar M	Fashion & Jewelry Module	Jewelry Recommendation	Contributed the jewelry recommendation workflow based on occasion, dress/outfit style and user preference.	Active

Team Coordination Notes:

Aspect	Details
Team Leader / Coordinator	Srinivasan R
Overall Team Coordination Rating (1-5)	3/5
Any issues during demo	The team needed coordination across multiple planner modules, AI integration, deployment and the final demonstration flow.
How issues were resolved	The team used WhatsApp Group updates and WhatsApp/Phone Calls for task coordination, issue discussion, file/link sharing and final demo preparation.
